COMMUNICATION REGARDING SEQUENCE LISTING

Mail Stop
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

The subject application is a reissue of U.S. Patent 6,080,553, which contains a sequence listing in accordance with the requirements of 37 CFR 1.821-1.825. The subject reissue application was filed with a paper copy of the sequence listing as part of the printed copy of U.S. Patent 6,080,553, which issued from U.S. Patent Application No. 08/799,897, filed on February 13, 1997.

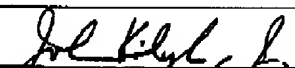

The paper copy of the sequence listing of the subject reissue application is identical to the paper copy and the computer readable copy of the sequence listing filed in U.S. Patent Application No. 08/799,897, filed on February 13, 1997, and which ultimately issued as U.S. Patent 6,080,553. In accordance with 37 CFR 1.821(e), please use the only computer readable form filed in that application as the computer readable form for the subject reissue application. It is understood that the U.S. Patent and Trademark Office will make the necessary change in application number and filing date for the subject reissue application. As noted above, a paper copy of the sequence listing is included in the originally-filed specification of the subject reissue application.
